

Presbyterian Church of the Apostles

Earth Angels Apostle Group

Helping
to protect
God's gift
of creation

...After all,
it's our home

All, including families, are
welcome to participate in any
one or all of our activities.

Activities have or now include:

- Keeping tabs on environmental policy issues and communicating with policymakers on some.
- Hosting a presentation by Will Steger on global warming.
- Selling energy-saving compact fluorescent lights (CFLs).
- Regularly picking up litter at Chateaulin Park under the city adopt-a-park program.
- Sponsoring education efforts to reduce junk mail and encourage carpooling/biking to work.
- Helping remove invasive species from a prairie restoration area along the Mississippi River.
- Providing recycling service for our church, since no curbside service is available.
- Taking part in the "Big River Cleanup" on the Mississippi.
- Holding annual Earth Day Events.
- Collecting wildflower seeds to help reestablish native plants.
- Creating a butterfly garden on the church grounds.
- Collecting bottle caps and other plastics for recycling.
